

School of the Word

The Life and Writings of the Apostle Paul. Meeting Mondays at 7:00 p.m. at Hopewell. Led by Pastor Joel. Begins September 12th.

Course Description: This course focuses on the New Testament Epistles, specifically those of the Apostle Paul (with the inclusion of Hebrews which is doubtful Pauline, however is included because of his probable influence.) A discussion of the early church and Paul's conversion are necessary to set the stage for understanding the uniqueness of the author. Passages and event in Acts are interspersed throughout the course as they create a timeline and a context for the epistles themselves. The book of Romans, because of its prominence, is also broken up into major sections and inserted according to its topical themes. Several other topics (apostleship, mentoring) are included to give practical insight and application to what Paul embodied and demonstrated.
